Message from the President

Kazutoshi Nishiyama

President

67th Annual Meeting of the Japanese Society of Neurology
Professor and Chair
Department of Neurology
Kitasato University School of Medicine, Japan

It is our great pleasure to hold the 67th Annual Meeting of the Japanese Society of Neurology at Pacifico Yokohama in Kanagawa prefecture from Wednesday, May 20, to Saturday, May 23, 2026. As the conference chair, I would like to extend a brief greeting.

The theme of the conference is "*Japanese Society of Neurology for Everyone: Strategy for Future.*" As president of this conference and the 10th chairperson of the Japanese Society of Neurology since 2022, I will be completing my second and final term of leadership with this meeting. Therefore, the 67th Annual Meeting will serve as a culmination of the Society's activities over the past four years. The Japanese Society of Neurology has made remarkable contributions to both clinical practice and research. However, the immense expectations placed on the field of neurology have also presented numerous challenges for the Society to address. It is my sincere hope that by resolving these challenges, we can create a future where young individuals feel confident in pursuing careers as neurologists.

As the largest academic organization for neurologists in Japan, hosting this annual meeting is an honor and privilege. Our department, along with the alumni association, is diligently preparing for this event to ensure that participants from diverse backgrounds find it rewarding. We aim to manage the conference with a broad perspective, and we hope that attendees will expand their knowledge of the past and the present of the Japanese Society of Neurology, while engaging in passionate discussions about its future, here in the beautiful city of Yokohama.

CALL FOR PAPERS

The Japanese Society of Neurology invites abstract submissions for the 67th Annual Meeting of JSN. Please submit abstracts online at <http://www.neurology-jp.org/neuro2026/en/>. The submission will open from October 1 to November 25 (Japan Standard Time). We welcome submissions of abstracts from overseas and foreign students in Japan.

TRAVEL GRANT

The 67th Annual Meeting of the Japanese Society of Neurology offers Travel Grants. The Japanese Society of Neurology encourages neurologists in other countries to submit abstracts on clinical studies or basic research for oral and poster presentations.

If Travel Grant is awarded, part of travel expenses will be covered by the Society.

Details will be announced on the website soon at <http://www.neurology-jp.org/neuro2026/en/>.
